

DIRECTIONS TO THE GENERAL CLINICAL RESEARCH CENTER AT THE
UCSD MEDICAL CENTER HOSPITAL

FROM 8 WEST (SDSU, East County)

Take the 8 West to the 163 South towards downtown. Then take the next exit which is University Avenue. At the light make a right onto university avenue. Go straight until 1st Avenue.

Make a Right on First Avenue. Go through the first stop sign and follow the road as it curves to the left and becomes Arbor Drive. Go straight past the second stop sign, staying on Arbor Drive and park in the large parking structure that is straight in front of you (Arbor Drive Parking Structure). Be sure to bring your parking letter and give it to the parking office so that they can give you a pass (we cannot validate parking in the outside parking lots).

Once parked, walk back on Arbor Drive to the Main Entrance of the UCSD Medical Center. Walk straight into the hospital, where you will see an Information Desk. Pass the desk to the elevators which are straight in front of you. Take the elevator to the 9th floor. Walk all the way down the hall to the end and turn right toward “CRC Research Center”. Check in with the nurse at the nursing station on your right-hand side and wait in the waiting room which is just next to the nursing station on the right-hand side. I will meet you in the waiting room. If you get lost or are running late, please feel free to call me (Shamini) at my office (619-543-7913) or the GCRC front desk (619-543-6014).
